FISHING TRAILS

This trip is all about fishing, camping, relaxing and enjoying the freedom of the great outdoors.

Our trip starts at base camp on the South African side of the river. After breakfast we will pack our boats and paddle downstream for a full day of fishing opportunities. Our target fish being Small-mouth and Large-mouth Yellowfish. We also catch Orange River Mudfish, Barbel and even Carp. Late afternoon we set up camp along the banks of the river. Evenings are spent around the campfire with peaceful nights under the stars.

Our days will be spent on and off the boats with plenty of time to find the best spots. We will take each day as it comes and plan around it.

The last morning we will have breakfast, pack up and transfer back to base camp via Namibia.

Everyone is welcome to stay an extra night at base camp. (Camping fees at own expense).
